

Biltmore™ AR

ARCHITECTURAL SHINGLES – LIMITED LIFETIME WARRANTY¹

Your roof will look as great as it performs.

Colour Featured: Dual Black

¹ See Limited Warranty at Canroof.com for complete terms, conditions, restrictions, and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements

Colour Featured: **Driftwood**

Do you appreciate beautiful options? Then look no further than the Biltmore AR, CRC's most popular shingle among contractors and discerning homeowners alike. Biltmore AR shingles add architectural interest that boosts your home's curb appeal. Their dimensional profile and deep shadow bands mimic the look of wood shake construction to create a high-end designer look for your home, all at an affordable cost.

Choose from a huge array of colours to coordinate perfectly with your home's style; whether rustic or urban, traditional or modern.

**When you choose Biltmore AR,
your new roof will keep on looking as
great as it performs.**

Biltmore AR Colour Blends

Dual Black

Charcoal Grey

Slate⁶

Dual Grey

Dual Brown

Weatherwood

Driftwood

Aged Redwood

Earthtone Cedar

Riviera Red⁵

Vintage Green

National Blue^{5,7}

Patriot Slate⁵

Not Available in Western Canada

Not Available in Western Canada

⁵Packaged in IKO wrappers. ⁶Slate is a similar colour blend to Harvard Slate. ⁷Blue granules may fade after extensive exposure to the sun's ultraviolet rays.

Note: To ensure complete satisfaction, please view several full size shingles and an actual roof installation prior to final colour selection as the shingle swatches and photography shown online, in brochures and in our app may not accurately reflect shingle colour, and do not fully represent the entire colour blend range, nor the impact of sunlight.

PRODUCT SPECIFICATIONS³

Length 40 7/8 in (1038 mm)

Width 13 3/4 in (349 mm)

Exposure 5 7/8 in (149 mm)

Coverage Per Bundle 33 1/3 ft² (3.1 m²)

STANDARDS⁴

ASTM D3462 ASTM D3018

Limited Wind Warranty¹ 177 km/h (110 mph)

Limited High Wind Warranty Upgrade^{1,2} 210 km/h (130 mph)

Blue-green Algae Resistant¹ Yes

Three bundles = One full square - 100 sq. ft. coverage

Shingles alone are usually not enough to protect your home. CRC recommends using superior multi-layered roofing components for these vulnerable areas of your roof.

1. Eave Protection

StormTamer[®] Ice & Water Protector

Ice & Water Protectors provide a second line of defense against water penetration due to ice dams or wind-driven rain and the costly damage it can cause. This product is also strongly recommended for sealing around vents, low pitch areas, ridges, hips, rake edges, chimneys, dormers, vent stacks, and skylights.

2. Underlayment

RoofGard-Cool Grey[™] or Stormtite[®] Underlayment

Use the innovative RoofGard-Cool Grey or Stormtite synthetic underlayment for total deck protection.

3. Roof Starters

Leading Edge Plus[™] Starter Strips

Fast, easy and convenient. Starter strips that are already cut to size save valuable time during the installation of the first course of shingles. Compatible with all existing CRC Shingles, Leading

Edge Plus includes a sealant strip at the bottom edge allowing for a tight seal.

4. Ridge Cap Shingles

Hip & Ridge Plus[™], Hip & Ridge 12[™] or Ultra HP[™] High Profile Ridge Cap Shingles

Ridge cap shingles are required where roof planes meet, and provide additional protection along these high stress areas of the roof, enhancing your home's aesthetic appeal by accentuating the roof line.

Find out more about our products now by talking to a CRC Sales Representative, your professional roofing contractor or contact us directly at: **1-855-CRC-ROOF** (1-855-272-7663) or visit our website at: **www.canroof.com**

¹ See Limited Warranty at Canroof.com for complete terms, conditions, restrictions, and application requirements. Shingles must be applied in accordance with application instructions and local building code requirements.

² High Wind Application is required.
